A Large Enterprise.

Mr. L. B. Stope, who has been here for some days, received a shipment of two cars of horses from Oregon this week. This is but one consignment of others to follow later on. The horses will

A GOOD RULE.

Take a man at his word as long as he tells the truth. If we did not do the suit business right, our old customers would not come back again. If we did not even do a little better all the time they might become dissatisfied. We don't only guarantee to fit you, but to fit you to your notion. Ready made suits can be well made—but who for. If you can see ten days ahead we can show you the way to wear the best suits for the least price. See the

The Only "Born" Tailor in Town.

be taken to the Wallace place, recently purchased by the Stone Brothers. These gentlemen have bought twenty-one sections of land in this county, and something more, they are going to develop the property. Fencing operations will soon begin and also several dwelling houses will be erected. This immense tract of land will be cut up into farms, ploughed and put in cultivation just as rapidly as possible. Large groves of trees will also be planted. Three families are already secured for the opening up of this investment, and the horses now here will be used for breaking land, hauling, etc. In fact the Messrs. Stone are going to farm on a big scale, and besides this will raise mules and horses. The enterprise, as mapped out, will mean much to this section of the Panhandle. If all others who buy land would follow suit and improve their property instead of buying for mere speculation, then, indeed, would we have the greatest country on earth.—Channing Courier.

Reports Big Yield.

R. C. Walker who owns and operates the gin at Memphis, was here yesterday in the interest of disposing of his cotton seed. Mr. Walker reports a fine cotton crop this year and says that his gin is running day and night, and is still behind with the ginning work.

Attention, Woodmen!

You can call at the A. A. A. sample room (L. W. Austin) and pay your dues. 32-8t. F. W. BARNES.

First At Hereford.

The first bale of this season's cotton was brought to the gin last week by C. Friemal who lives in the east part of the county. There are now a number of bales waiting to be ginned and soon the fleecy staple will be quite common on our streets. From the information which we have been able to gather, it is safe to place the estimate of this year's crop in Deaf Smith and Castro counties at from one-fourth to one-half bale per acre. The crop is now fully matured and is opening up as readily as in any section of the south—Hereford Brand.

Another Car.

J. E. Gyles this week shipped a car of wheat containing about 1000 bushels, which was purchased from Deaf Smith and Castro county farmers. Mr. Gyles has been in the wheat business for a number of years and in all his experience, he informs us he has never seen a better quality of wheat grown anywhere than is now being shipped from this place. All this product goes to the Ft. Worth mills where it is made into flour with which to feed the multitudes in North and Central Texas.

Some Pumpkins.

W. E. Bradshaw, who lives some 6 miles northeast of Plainview, brought to this city the product of one pumpkin vine which consisted of eight pumpkins of various sizes; the largest weighing 115 pounds, the next two 70 and 50 pounds, then two of 40 pounds each and three little ones with the combined weight of fourteen pounds, eight pumpkins from one vine, aggregating 329 pounds. This yield was made without irrigation. The largest pumpkin will be sent to the Dallas Fair or to Mr. Ripley, president of the Santa Fe Railway. —Plainview Herald.

Great Big Tater in Sandy Land.

W. B. Brannon of Clio was in Wednesday with a few bushels of sweet potatoes grown on his sandy land farm. A specimen he brought to the Bulletin weighs 8½ pounds and it was raised without irrigation. Mr. Brannon says there is money in sweet potatoes and that he expects to plant more of them next year. The big potato

brought in by him was grown on new ground. He says if there's a better one grown anywhere without irrigation he would like to hear about it.—Brownwood Banner Bulletin.

45 Sections For Sale.

7 bought of state, 2 1-2 years to live out, balance leased for 4 1-2 years at 4 cents, well watered. Price \$7,000. Address Box 8, Odessa, Texas. 33-4t P.

Record Smashed.

C. R. Moreman informs us that the yearling steers which he recently sold from his ranch north of town brought the fancy price of \$22.00 per head. This, so far as our information goes, is the highest price paid for year-olds this season anywhere in the entire Panhandle and goes to prove that attention is a valuable asset in the cattle business the same as in other lines. Mr. Moreman has a fine herd as is

well known to all throughout this section of the Panhandle.—Hereford Brand.

Ninety-nine times out of every hundred we please our customers when we sell them Pride of Denver Flour. If you are one of the ninety-nine, tell others. If not tell us. The Southern Brokerage Company Distributors, Amarillo. 33-2t
